Avast Cleanup Pro seems to be the Mac version of the Cleanup Premium app that is available for Windows users and is part of this new offering specifically developed for the growing market of Mac users that the company sees as an opportunity on which it can capitalize.. : Stay safer online Be warned of unsafe sites and block intrusive web trackers : Scan for Wi-Fi security weaknesses Expose weaknesses in your router and connected devices.. The software is available as a free download, but you need to purchase a license to actually make use of the product – though doing so is protected by a 30-day money back guarantee.. This means that without a valid license the software will only scan the Mac, identify cache files and look for duplicates.
